DON'T KNOW

what a comfort it is to have ready at hand a remedy that never fails to relieve Constipation, and that, without pain or discomfort, and almost immediately cures headaches, and dispels every symptom of Dyspepsia. Such a remedy is found in Simmons Liver Regulator—not a sweetened compound to nauseate, or an intoxicating beverage to cultivate an alcoholic appetite, but a medicine pleasant to the taste, and perfectly harmless when given to the smallest child. S. L. R. never disappoints. It possesses the virtues and perfection of a reliable remedy of the kind endorsed by eminent physicians.

"It affords me pleasure to add my testimony to those who receive actually in reference to your valuable medicine. I consider Simmons Liver Regulator the best family medicine on the market. I have prescribed it with excellent results."

Collector Flannigan, of the port

of El Paso, whose name has been im-

mortalized by his expression "What

are we here for?" had his name used

in vain today by the insane occupant

of the county jail. When asked by

the Probate Judge how long the desire

to leave this country had been with

him, he answered "Ever since Flannigan

had me arrested."

The Populists are at Washington in

force to assist the silver men in mak-

ing their campaign a success. The

Populists are in favor of more money,

they do not care so much whether it

be greenbacks, gold or silver, just so

that the circulation per capita shall be

increased from \$18, where it now

stands to \$36 where it should be.

Nearly all of the artisans of the east

favor an increased circulation of the

currency. All they lack to become

free coinage advocates is education

upon that subject. To increase the

circulation of gold is impossible. By

selling \$300,000,000 of gold bonds we

might temporarily increase the circula-

tion, but the yellow metal would

soon find its way back to Europe and

we would be worse off than at present.

To increase the circulating medium

to \$36 per capita would take twenty

years at the present rate of 54,000,000

per year. A great majority of the sixty

five million people of this country

favor an increased circulating medium.

Until they have their way, bank

smashes and assignments must be of

frequent occurrence and panics be the

result. The free coinage of silver will

settle the money question and must

eventually become a reality.

NEWS BY WIRE.

W. A. Lynch has been appointed receiver of the Pittsburg, Akron and Western railroad. The road has a capital stock of \$3,000,000.

It is stated on high authority that France intends to take decisive steps to insure Siam's carrying out the terms of the ultimatum. The blockade will be continued until France's demands are satisfied.

There was another slump in wheat yesterday at Chicago and the previous records are left far in the rear, as September sold 2 1/2 cents below the lowest point Saturday.

For the first time since the passage of the Sherman silver law the treasury this month failed to buy the full quota of 4,500,000 ounces of silver. The total purchase for the month was 2,116,000 ounces.

A report from the mining town of Como Colorado, says the white miners last night burned the Chinese headquarters, and six or eight Chinese are supposed to have perished in the flames.

The Chronicle says it has been decided by the managers of the Stanford estate to dispose of over 1000 blooded horses from the celebrated Palo Alto and Vina ranches and retain only a nucleus from which to continue the work of breeding fine horses inaugurated by Senator Stanford.

Stocks in London opened fairly steady, owing to the practical settlement of the Siamese question, but business was very light. American railway securities were weak and irregular. The outgo of gold to America is causing a steady rise in the rate of discount in the open market.

Acting Mint Director Preston characterizes as a "wild heresy" the proposition of attorney-Engley of Colorado to establish a state bullion depository and issue certificates against silver bullion deposited therein. The scheme is not violative of the United States statutes, it is said, but is regarded at the treasury as a temporary makeshift and impracticable.

Gen. Warner called the Chicago convention to order, and Secretary Barrington read the call for the gathering. After this Gen. Warner delivered a address, in which he said that decided action was needed, and that it was a time for plain talk. All over the country alarm was manifested over the possibility of the establishment of a single gold standard.

The silver men were not by any means on the defensive. On the contrary they proposed to take aggressive action against those who are attempting to take advantage of the conditions which they have created to force upon the country a single gold standard. The present financial condition is largely artificial, amounting almost to a public crime, and for it the gold men should be held responsible. The audience to which General Warner looked down filled every seat upon the ground floor, while in the gallery above every inch of even standing room had been preempted.

FOR EVER FIFTY YEARS.
An old well-tried remedy—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.
